

COIL COAT RACK

LARS TORNØE ON THE DESIGN "Design often finds its function first and its form second. With the Coil Coat Rack, this process was reversed. While I was modeling some ideas by forming paper into different shapes, I realized that the curling form of a rolled-up paper could be combined with hooks and be ideal for a coat rack. With its soft lines and sliding hooks that can be adjusted to one's individual preferences, the Coil Coat Rack is a functionally inviting perspective on the archetypal coat rack."

ABOUT THE DESIGNER

Lars Tornøe has won several awards such as Designer of the Year in Norway and the Award for Design Excellence. His work has been shown at many international exhibitions and The Dots for Muuto was part of the former exhibition at the Danish Design Centre.

CATEGORY

Coat Rack

ENVIRONMENT

Indoor

COUNTRY OF PRODUCTION

China

DESCRIPTION

The Coil Coat Rack finds its new perspective through its coil-shaped form along with its hooks that are brought into play for a simple yet characterful element that breathes function into the design. The design allows for the user to buy additional hooks if needed to make the Coil Coat Rack uniquely theirs. The shape of the design is inspired by the curled-up form of rolled paper.

MATERIAL

Anodized aluminum.

SPARE PARTS

Extra hooks are sold as spare part.

CLEANING AND CARE

Clean the aluminum on a regular basis with a lint-free cloth that has been wrung in a mixture of lukewarm water and a mild detergent. Wipe the surface dry with a lint-free cloth.
