# LUXURY LIVES ON

The 50<sup>th</sup> Anniversary Edition of the Lily™ chair

The Lily™ was originally designed for the Danish National Bank. The first model was 3108 from 1968, and the chair was introduced to the market with arms, model 3208, at the Danish Furniture Fair in 1970. The chair is made from laminated sliced veneer and is the result of an extremely complicated moulding process that ensures the perfect curves and the best comfort.

To celebrate the 50<sup>th</sup> anniversary of The Lily™, the last chair Arne Jacobsen ever designed, we are now relaunching the original version in walnut veneer.
