DESCRIPTION

A contemporary echo of the 18th-century vanity-table mirror that gives it its name, the Vanity Mirror Collection is GamFratesi's second wall-mounted mirror design for GUBI. The collection comprises three variations – with one, two and three mirror panels, respectively. The design's defining features are its warm walnut veneer and brass hinges. These allow the angle of the mirror to be adjusted, influencing the perspective it offers and the play of the light in the room. On the single-panel Vanity Mirror 1, the hinges permit a 15° rotation, whereas the 180° hinges on the Vanity Mirror 2 and Vanity Mirror 3 allow the panels to fold flat on top of one another, covering the mirror when not in use.
