

Pully

Cascando®

How do you offer guidance in a time when the worlds of working are changing?

RePower the way you work.

PULLY

PULLY - RECONNECT YOUR WORKING WORLD.

We don't know what tomorrow will look like, but one thing is certain: the trust of employees in the connecting qualities of a workplace is more important than ever, as are smart ideas that make the office mobile and flexible. Agile.

New and practice solutions for brown paper sessions or a fast scrum. They are recruiting forces in the office of the future: an inviting clubhouse that signals mobility, safety and togetherness.

Cascando's challenge is to help realize this inspiring office society. How do we support businesses and organizations? By thinking ahead - and acting ahead - together with interior designers and architects. Because better use of space and guaranteeing job satisfaction cannot wait until tomorrow.

We have good news. The well-known Pully series, by designer Robert Bronwasser, has been considerably expanded with furniture that brings spontaneity to the work floor, but also allows flexible use of space. Coffee in one hand, laptop or notepad in the other. At an appropriate distance when needed, close when possible.

The Pully serie offers a variety of furniture for collaborative spaces.

Pully Pouf

CASCANDO

PULLY

LIFT UP, GRAB AND TAKE WITH YOU.

Be flexible, have an informal conversation in the lobby, lounge or coffee corner, quickly sit down at a workplace or in a meeting room. It's all possible with the original Pully pouf. Recognizable thanks to the leather handle, a practical detail with which the pouf goes wherever you go. Pully Pouf is available in two versions, with three or four rounded corners.

Pully pouf, with three and four rounded corners.

Pully Islands

ISLAND HOPPING IN LOBBY, LOUNGE OR OPEN OFFICE.

People in and out, a smooth conversation, customers who wait a while. Every space deserves casual seating that puts people in the right atmosphere. Sometimes amicable and sociable, sometimes remote or confidential. Pully Islands offer original seating solutions for spaces where receiving, meeting, waiting or relaxing are central. Open and accessible to everyone. The different sizes and the mutual distance between the elements create a playful dynamic in every space.

Pully Side

CASCANDO

PULLY

THE CONNECTING TABLE THAT REALLY FITS EVERYWHERE.

Laptop on it, mobile on the ear, a coffee on the side. Pully Side is a slim side table that transforms every seating element in the room into an all-round workstation. The modern working world of our time, always by your side.

Stable steel base and upright, top in powder coated traffic black steel, height 70 cm.

Pully Pillar

THE PERSONAL TABLE FOR SAFE MEETINGS.

From lobby to lounge or meeting room; these times require new solutions for meeting and working. Safe, at an appropriate distance. And flexible. Pully Pillars offer that: easily movable single standing tables, which can be placed at any desired distance from each other. You work standing or sitting on a Pully Pillar, for example on a Pully Stool. Both are possible.

Pully Pillars are available in three or four corner versions and various top finishes.

The Pully Collection
empowers your entire
working environment.

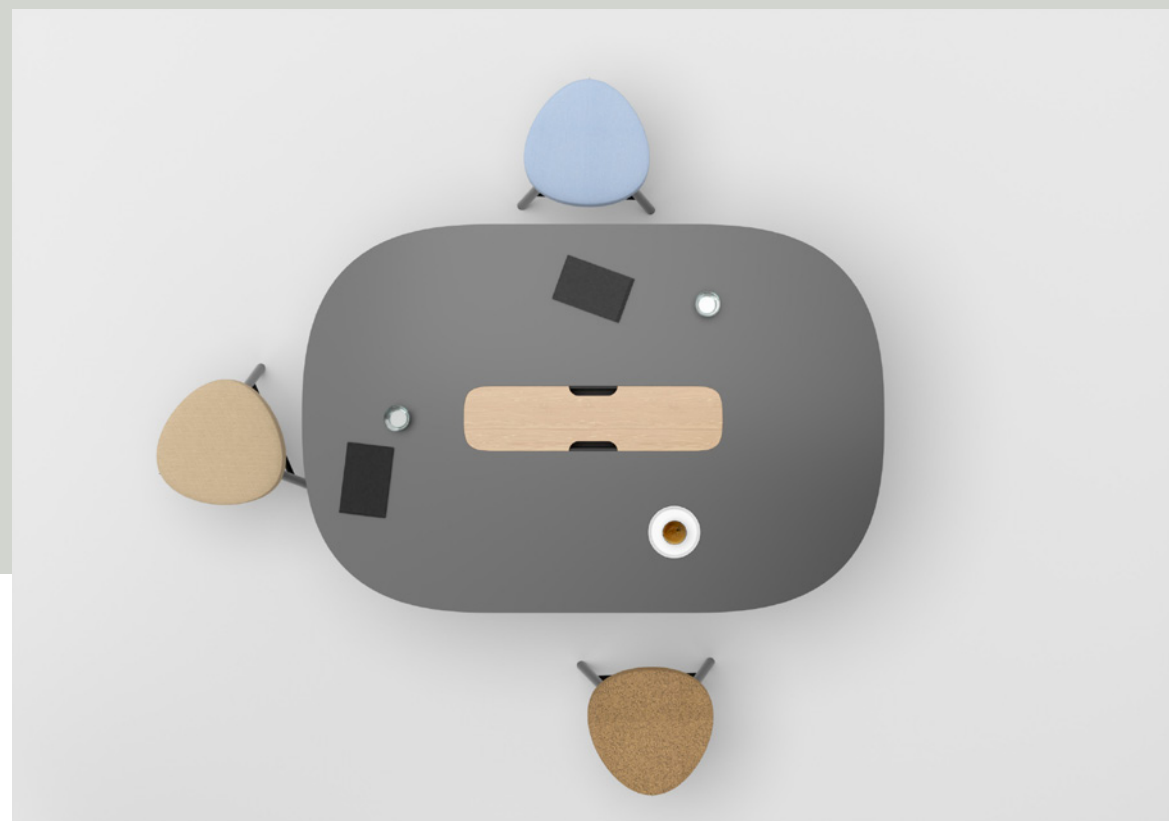

Pully Meet

CENTER OF VALUABLE RELATIONSHIPS AND JOB SATISFACTION.

Working together, eating a sandwich, meeting, video calling. You will experience your work better at a work or conference table from the Pully Meet series. The rounded corners invite you to participate. Sitting or standing, both are possible. Perfect in combination with Pully Bench and Pully Stool. The optional table inserts, with beautifully detailed handle / cable entry give access to the cable tray.

CASCANDO

Pully Meet is available in two heights; 75 and 105 cm.
Tops in HPL, Arpa Fenix, Forbo Desktop and veneer.

Pully Meet 180 x 100 cm with Pully Bench, Pully Stool and Trunk whiteboard.

Pully Bench

PULLY

CASCANDO

WORK, RELAX, ENJOY. WELCOME ON THE PULLY BENCH.

Collaboration in an informal setting is actively encouraged with Pully Bench. The bench is available in various lengths. This guarantees comfort and social distance. With or without a backrest, perfect as a prominent seat in the lobby, lounge or office. Pully Bench combines well with the Pully tables and bar stools.

CASCANDO

Pully Bench is available in the widths 120 and 180 cm.

‘Now that more and more people are working from home, the role of the office is changing. The office will be a dynamic place where people meet, collaborate and exchange ideas. This requires furniture that safely facilitates office dynamics. Based on that idea I continued to expand the series.

I see the new Pully series as a collection of compact furniture that can be used flexibly. Combining elements is easy and can be done in different ways. With Pully you can create an open consultation moment in no time – wherever and whenever you want. The playful and friendly shape of the Pully elements emphasizes their informal usage functions. This makes the Pully series ideal for use in open and less strict setups.’

Pully by Robert Bronwasser

‘The Pully series originated in my studio. I needed an easily movable seat to be able to join an informal get-together. This resulted in the Pully Pouf with the leather handle. Pully literally comes from “grabbing / pulling” and facilitates spontaneous and informal consultation moments that are so important in the modern office.’

— Robert Bronwasser

Pully Stool

CASCANDO

PULLY

Pully Stool with Pully Hub and Shield desk panel.

THE FUNKY BAR STOOL THAT WORKS LIKE A WORKOUT.

Working on a bar stool is a great way to make working in the office more fun, comfortable and healthier. The active seat of the comfortable Pully bar stool guarantees extra standing time during the working day. The bar stool looks quirky and the upholstered seat provides a beautiful accent in the interior. Pully Stool is available in three or four corner versions. The steel base, with integrated footrest, has a matte black textured powdercoat.

PULLY STOOL WITH SOLID OAK SEATS.

Pully stools are also available with oak seats: basic, iconic and functional in almost any space. Available in triangular and square version, in natural or black coated solid oak. Both versions combine great with the matte black textured paint of the steel frame.
