

PK8™

For many years, the PK8™ existed only as a prototype in the home of Hanne Kjærholm, the wife of Poul Kjærholm. The PK8 was put into production in close collaboration with Hanne Kjærholm and introduced to the public in connection with the 2007 exhibition about Poul Kjærholm, 'The Furniture Architect', at Louisiana Museum of Modern Art, north of Copenhagen. The special form of the chair, with its composition of sinuous curves, resembles Kjærholm's cantilevered chair from 1953, but the three legs, whose shape compliments the seating element, give the chair an outstanding appearance of its own.

DESIGN

Poul Kjærholm, 1978/2007.

POUL KJÆRHOLM 1929-1980

Poul Kjærholm was a trained cabinet maker and continued his studies at the Danish School of Arts and Crafts in Copenhagen. He had a particular interest in different construction materials, especially steel, which he considered a natural material with the same artistic fineness as other natural materials.

Poul Kjærholm was first employed at Fritz Hansen for about a year, where he designed a number of noteworthy chair prototypes. In 1955, Poul Kjærholm initiated his collaboration with manufacturer Ejvind Kold Christensen, which lasted until Kjærholm's death in 1980. In 1982, Fritz Hansen took over the manufacture and sales of "The Kjærholm Collection", which was developed over the period 1951 to 1967.

UPHOLSTERY

PK8™ is available in the following selection of leather types: Classic and Elegance.
